“ Only to one who prays can  
God make himself vivid. ”

Harry Emerson Fosdick

Prayer changes us. It transforms our understanding of ourselves, others, and God. November is a month when, in American culture, we typically gather around special tables of Thanksgiving, and sometimes, special prayers are prayed. May this be a year when we allow our prayers of thanksgiving to act as agents of transformation in our lives and in the lives of our families and friends. May our gratitude lead to lives of even greater generosity. May our graces shared at meals lead to even greater grace shared with other people—and even with ourselves. At the beginning of this month on All Saints Day, we call to our minds and hearts the family and friends who have passed away and are now living the gift of eternity. As we share grief and share around tables, may we be reminded that, as members of the family of Christ—in life, in death, and in life beyond death, we are not alone. If you pray for me, and I pray for you, we are then integrally connected and forever transformed.

Ideas for prayer are shared from the church leadership for each day of the year. Feel free to add additional prayers that come to your mind and heart for people and situations in our local church, The United Methodist Church, the global church, and the wider world.
